REQUEST FOR QUOTATION (RQF)

We'd like to thank you the time and effort that you will put on filling this questionnaire which will help us to offer you the best solution to your specific needs and requirements.

1. Contact details:

CUSTOMER		SECTOR	
CONTACT		POSITION	
CITY		COUNTRY	
TELEPHONE NUMBER		MOBILE NUMBER	
FAX NUMBER		E-MAIL	

2. Information about the elements to be washed: dimensions, kind of dirt, temperature of the elements prior to its wash or how much dried-up is the dirt to be removed.

Name of the element	Material	Dimensions (mm)			Kind of dirt	Level of dirt			Temp.	Dirt appearance	
		Length	Width	Height		Low	Medium	High	ºC	Fresh	Dry
						☐	☐	☐		☐	☐
						☐	☐	☐		☐	☐
						☐	☐	☐		☐	☐
						☐	☐	☐		☐	☐
						☐	☐	☐		☐	☐
						☐	☐	☐		☐	☐

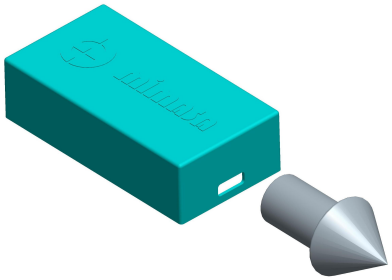
IMPORTANT: Remember to attach, in the e-mail, **pictures** of the elements to be washed.

3. Indicate for each element, the quantity that you need to wash (per day an per hour).

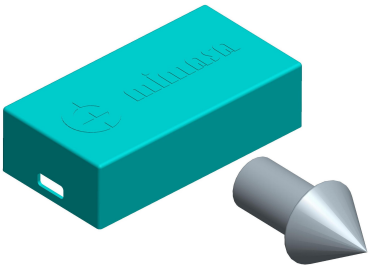
Name of the element	Quantity per hour	Quantity per day	How many hours will work the machine every day?

4. In case you require a solution type tunnel, please mark with "X" the transport direction of the element, in case of having a preference:

☐ SSL (Short Side Leading):



☐ LSL (Long Side Leading):



5. **Please, let us know the way you are currently washing these elements, and the estimated time from the last use of the element until the moment where it is washed:**

6. **Please, indicate the electrical voltage available on your facilities:**

Volts	Phases	Hz

7. **Mark with "X", which energy/energies are available to heat the water:**

☐ Steam		
☐ Electricity		
☐ Hot water	Indicate ºC	
☐ Gas		
☐ Gas-oil		

8. **Available space of the room where the machine will be installed:**

Length (mm)	
Width (mm)	

9. **Which are the smallest dimensions of the door or corridor which the machine will have to pass through?**

Width (mm)	
Height (mm)	

10. **If you requiere any specific stages in the machine, please, let us know:**

☐ Prewash	☐ Rinse	☐ Draining	☐ Drying
☐ Wash	☐ Desinfection	☐ Blowing	☐ Others

10.1 **Indicate** if you have any requirement of **drying** (residual gram/element) | | grams of water/element |

NOTE: To be able to state the optimal configuration of the drying module and the achieved results, we would like to receive some samples of the elements to be dried in order to carry out some drying tests.

11. **Indicate the esteemed period of investment:**

☐ Less than 1 month	☐ Between 1 and 6 months	☐ Between 6 months and 1 year	☐ Unknown

12. **Eventually, in the following section you can tell us any missing aspect that you think it is important and that we should know.**

Send by e-mail

Thank you so much.

* If you think there is further relevant information that we should consider, please add it on your e-mail.
